

# Superior Hydrogen Enriched Water

## Echo® NHM-130 Infusion Machine™

**Echo NHM-130 Counter Top Hydrogen Infusion Machine** makes 7ph filtered H<sub>2</sub> enriched water. It does not require minerals in the source water like traditional electrolysis machines. Municipal, well, R.O., and distilled water will work great. You will have filtered 7pH H<sub>2</sub> enriched water for pennies per glass. 110v or 220v.

## Echo® 9 Ultra H<sub>2</sub> Water Machine

**The Echo® 9 Ultra H<sub>2</sub> Water Machine** is the ultimate in molecular Hydrogen production. It is the first ever machine that can produce 3 types of water: **1) Neutral pH H<sub>2</sub> enriched water 2) Alkaline pH H<sub>2</sub> enriched water and 3) Acid pH Hypochlorous (HOCl) Enriched Disinfecting water.** The key element of the Echo® 9 is the really high concentration of molecular Hydrogen dissolved in water. The patented anti-scale system completely stops scale or calcium build-up and lengthens the life of the electrodes. This machine is simple to operate with a user friendly intuitive color touch panel.

# Complete Solutions for Better Health

## Echo® Digital Faucet

**The Echo® Digital Faucet** connects to the Echo® 9 Water Machine. It conserves space and is easy to use. It is elegant, and compliments any kitchen. Available in Satin, Chrome, Oiled Bronze, and White.

## Echo® LumiMist™

**LumiMist™** produces 7ph water with molecular hydrogen and hypochlorous acid. The H<sub>2</sub> will stimulate collagen production. The HOCl will kill bacteria and viruses. This device can replace hand sanitizers, help acne, psoriasis, eczema and rashes.

## Echo® H<sub>2</sub> Drops

**Echo® H<sub>2</sub> Drops** were developed to enable individuals to have H<sub>2</sub> enriched water while traveling or on the go. It is also an easy way to increase the concentration of H<sub>2</sub> in the water from your Echo® H<sub>2</sub> water machine.

## Key Science Points of Echo H<sub>2</sub> Water

- Over 600 scientific studies have shown therapeutic effects of molecular hydrogen on over 150 human disease models.
- Molecular hydrogen has been shown in studies to aid in fighting cancer, diabetes, Parkinson's and Alzheimer's disease.
- Molecular hydrogen works as an antioxidant by reducing cytotoxic oxygen radicals reducing oxidative stress and inflammation.
